ASSOCIATION OF AUSTRALIA

## Bulletin 1

# 2026 FAI F5B World Championship for Electric Model Gliders - seniors, women, and juniors

Mareeba, Queensland, AUSTRALIA

8<sup>th</sup> - 13<sup>th</sup> August 2026.

Website: <https://aefanet.com/>

## **ORGANISER AND LOCATION**

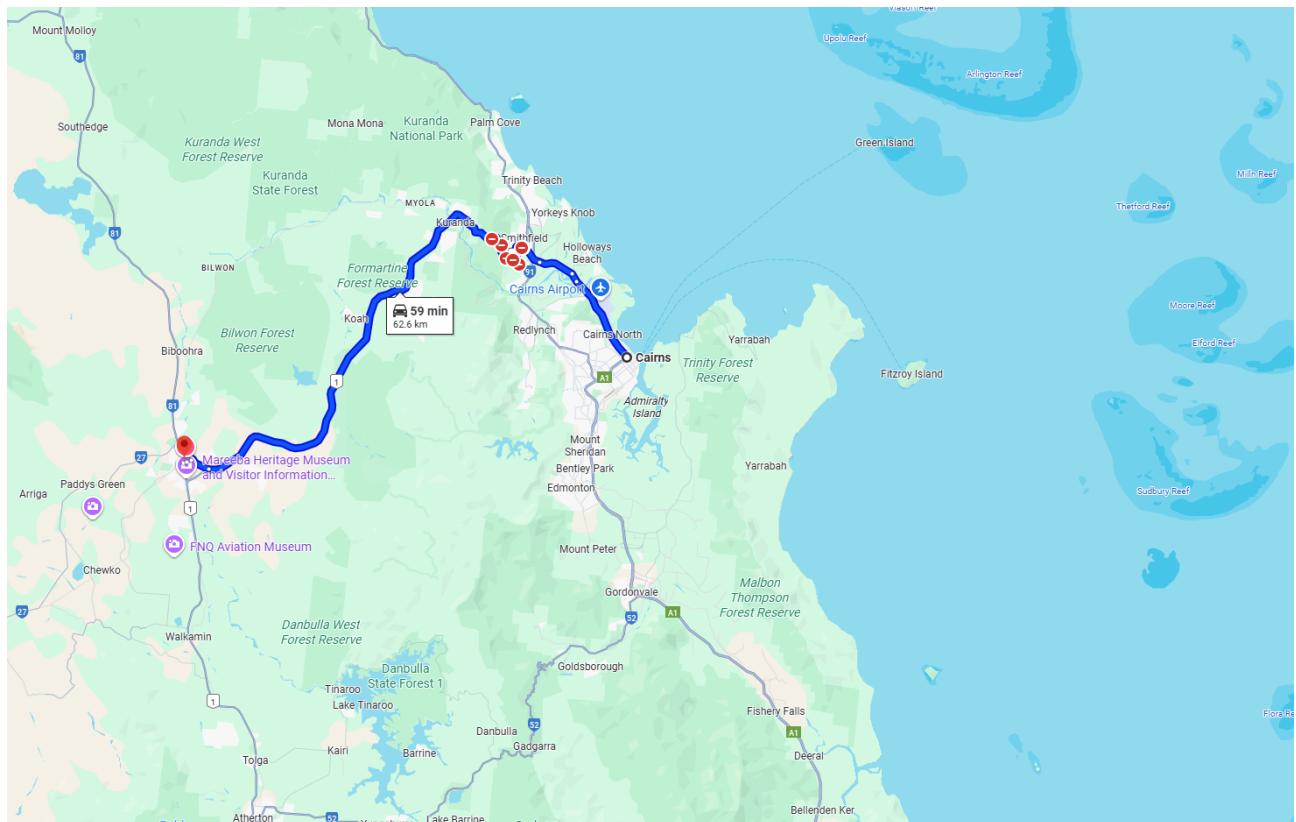

The event is organised by The Australian Electric Flight Association (AEFA) in conjunction with the Model Aeronautical Association of Australia (MAAA).

Mareeba is a town of 9000 residents, located in north Queensland, approximately a 1 hour drive West of Cairns. Its location allows easy access to many tourist attractions including The Great Barrier Reef, Cape Tribulation, Daintree Rainforest, Mossman Gorge and The Atherton Tablelands to name a few. It is in the tropics and so offers warm weather year-round. Cairns is serviced by its own international airport.

The event will take place at the flying site of Model Aero Sport Club of Tropical North Queensland (MASCOTNQ), Adil Rd, Mareeba, Queensland. The flying site is located approximately 5km north of the centre of Mareeba. GPS coordinates are: -16.964045, 145.395859, altitude is 417m AMSL. It is recommended that visitors to the event fly to Cairns, arrange their own hire car, and drive to Mareeba. Accommodation options will be outlined in Bulletin 2.

Mareeba is located in the tropics, and so tends to have wet and dry seasons rather than hot and cold associated with summer and winter. August is the last month of Winter in Australia, and is the dry season in Mareeba. Typical high temperatures of 26C are expected with light winds, minimum temperatures average 12C at this time of year.

Mareeba is in a time zone that is 10 hours ahead of UTC.

## CLASS

F5B – Electric Powered Motor Gliders

## **RULES**

## FAI Sporting Rules

The following documents will be applicable by consulting the edition effective at the date of the event:

- FAI Sporting Code Section 4 - Aeromodelling Volume F5 – Radio Control Electric Powered Motor Gliders
- FAI Sporting Code Section 4 - Aeromodelling CIAM General Rules Volume.
- FAI Sporting Code General Section Volume.
- FAI Code of Ethics.
- FAI Disciplinary Code.

## Junior

According to CIAM General Rules Volume C.5.1, a competitor is considered to be a junior up to and including the calendar year in which he attains the age of 18. So, a competitor will be considered for the championship(s) as being a junior as long he/she is born from the 1<sup>st</sup> January 2008.

## FAI Sporting Licence

Every competitor and each team manager of any national team must possess a valid FAI Sporting Licence (Aeromodelling discipline) registered in the FAI database. A FAI Sporting Licence is not required for the helpers.

The holder of a FAI Sporting Licence may be required to produce, as proof of identity, an official document including his/her names, photograph and signature.

**Complaint and protest** (See FAI Sporting Code General Section Volume 6.2.2 & 6.3.2, and CIAM General Rules Volume C.20)

The purpose of a complaint is to obtain a correction without the need to make a formal protest.

It is recommended that a complaint is made before submitting a protest.

If dissatisfied by the decision, the complainant(s) concerned must inform the Contest Director as soon as possible of the intention to submit a protest.

All protests must be presented by the team manager(s) in writing in English to the Contest Director and must be accompanied by the deposit of a fee of 50 CHF (or equivalent amount for a different currency). In the case of a joint protest, every protesting team manager must pay the protest fee.

## Anti-doping statement

A competitor who needs for medical reasons to take any of the substances listed on the WADA Prohibited List must have a valid Therapeutic Use Exemption (TUE) signed by FAI.

To access the current WADA prohibited list of substances and additional information regarding the TUE, see the FAI website with the following link: <https://www.fai.org/page/anti-doping-therapeutic-exemptions>.

## UAV REGULATIONS

In Australia, the regulations governing the operation of Model Aircraft are controlled by the Civil Aviation Safety Authority (CASA). These regulations and local club rules particular to MASCOTNQ must be adhered to. For more information on the CASA regulations please follow the below link and under the section of Guidance Material, follow the link to AC 101-03. Local rules will include a height limit of 1500'AGL.

## 0drone%20for%20recreation%20or%20education

### **Radio Control frequencies**

Aircraft will be controlled using 2.4GHz with a maximum ERIP of 1W.

### **Identification of the models**

According to CIAM General Rules Volume C.11.1, each model aircraft shall carry:

- The national identification mark followed by the FAI Unique ID number with letters and numbers at least 25 mm high.
- A model identification code with letters and/or numbers at least 10 mm high, clearly visible and different for each nominated model aircraft of the competitor.

***Note: A model aircraft must not carry a national identification mark, an FAI licence number or an FAI sticker which relates to any person other than the competitor.***

### **Model Aircraft Specification Certificate and sticker**

According to the CIAM General Rules Volume C.12, each NAC shall process every model and shall issue for each model aircraft the Model Aircraft Specification Certificate provided by the FAI.

A sticker shall appear on each model aircraft.

***Note: The Model Aircraft Specification Certificate and the design of FAI sticker may be downloaded from the 'DOCUMENTS' section of the CIAM website (<https://www.fai.org/ciam-documents>) by clicking on 'CIAM FORMS & OTHER DOCUMENTS' section, and then on 'Events'.***

Model aircraft not properly processed by their NAC, with FAI certificate and sticker, must be processed by the organiser at a cost of 8 Euro for each model.

## **OFFICIAL LANGUAGES**

---

English will be the official language of the Championship.

## **PARTICIPANTS**

---

Every NAC may enter a team consisting of:

- Team manager.
- Maximum of three competitors (without age and gender requirements).

Optionally, one additional Junior competitor (without gender requirement) **and/or** one additional Female competitor (without age requirement).

***Note: So, a national team must at least include one competitor and may include a maximum of five competitors with the two optionally additional competitors.***

- Official helpers.
- Supporters.

The reigning Senior World Champion; Thomas Waeckerlin (SUI), is also invited (subject to approval of his NAC) to participate regardless of whether he qualifies for the national team or not. If he is not a member of the national teams, his score will not be considered in the team results.

***Note: The team manager is mandatory but may be a dedicated person or one of the competitors of the national team.***

### **Additional individual competitors**

According to CIAM General Rules Volume C.5.3 f), the organizer will evaluate after the deadline defined for submission of the Preliminary Entry Form (PEF) the participation level which may be expected. If the number of expected participants is below the minimum number which makes the event financially viable, the organiser will ask CIAM to consider cancelling the championship(s), or to initiate a second phase for accepting additional individual competitors with a 'wild card'.

In case a second phase is initiated, the organizer, with the approval of CIAM Bureau, may send out invitations to the NACs which already had expressed with the PEF their intention to participate.

At the same time, the relevant CIAM Sub Committee (S/C) Chairman may also send invitations considering the World Cup ranking or similar criteria which will ensure that the invited competitors are competent to participate to the championship concerned. Those individual competitors invited by the S/C must also have the approval of their NAC to participate.

All individual competitors invited to participate during that second phase can only be part of the individual classification(s), and so will not be considered for the national team classification.
